Thank you for viewing our Summer Retail Price List. We have many exciting items for you to enjoy ... many new plants & previously offered plants, now in larger sizes.

We're glad to have so much positive feedback from our customers, about our long lasting latouria dendrobium hybrids. More than 20 years ago we began extensive breeding this line & the results have been very gratifying. The species & hybrids of the latouria dendrobiums were promising for their very long lasting flowers & their evergreen foliage. Through our long-term comittment, we have been able to develop a very attractive, interesting, varied & exciting array of flowers. It's been highly gratifying for us & our customers. In this list, you will see many different types of these easy growing, long blooming evergreen latouria dendrobium hybrids ... ranging from cute minis for windowsills or greenhouses to robust plants for more spacious greenhouses or outdoor growing.

We continue to offer an increasingly wide array of very select & improved **species** from various genera.

You may download our 17 pages of photos from our JUNE 2017 PHOTO SUPPLEMENT & print for your reference. Please order using the Retail Price List on the website. Do not order by Photo #.

Please call, fax, mail or email orders to "orders@hrnurseries.com". Include cell or regular phone number. For matters requiring immediate responses, please call, email or fax. Charge Card numbers should be called in or faxed. Thank you for your support & patronage.

Shipments insulated for heat & cold, US Priority or Federal Express. Guaranteed safe delivery. Mail shipments held during extremely cold periods. Unless notified, orders received by Friday morning will be shipped following week. We can delay shipping paid orders, if requested. For shipping problems, please notify carrier immediately & contact us. If you have problems with your plants, please contact us immediately.
